89 aleksey zlatorunskiy on lebanese-israeli agmt, quoting afp that a lebanese official recently said his country would seek convening of an arab summit or a meeting of arab foreign ministers to discuss agmt with israel because it did not want to put them before an accomplished fact, maintaining what is at issue is security of arab world and palestinian question settlement, quoting algerian ash-sha'b that agmt was meant to isolate lebanon and make it an easy prey to impist-zionist alliance, pointing out arab negative reaction to agmt is logical.
